“Working in Manchester was a dream come true for me. I have always wanted to experience a different country’s work culture and I am very lucky I got to do that through Pagoda Projects. The knowledge and information I got while working over there truly opened my eyes as to what I want to do in the future. The vibe of the city is unmatched and I would do it all over again in a heartbeat.

I’ll always be grateful to University of Dundee and Pagoda Projects for helping me shape my career and making my dreams come true. It is indeed the best University.”
